**WEATHER** — In pre-war days when the National Orange show was a San Bernardino fixture, farmers awaited it eagerly. It always rained at show time. Torney Hospital is gaining a similar reputation. Every time they hold 'Open House, it rains. . . . Must speak to Boyd-for-Assembly committee. [Their new headquarters sign has green letters on a red background. It's unbiological. . . . Connie DeVine is preparing her gift shopping list. She looked at the calendar last Tuesday and said: "Goodness, only eight months until Christmas." . . . An eastern mailman knows all of the dogs on his route by name. He calls each as he approaches, saving wear and tear on pants. When Oscar, the family Wire, was young, we had a mailman who carried a bag of dog biscuits with him. Six or seven dogs made the route with him daily. Oscar was suspicious at first and even after accepting the tidbits, took a tentative bite or two to sort of keep his franchise. But it wasn't long before he was awaiting the mail man as eagerly as a kid at college looking for a check from home.

**V LOAN**—Who's going to head the Fifth War Loan drive in Palm Springs? He faces a challenge. The new campaign, dated from June 12 to July 2 has a 16 billion national quota which means more money from here than last time—in summer. . . . But think of the advertising value of the Fifth War loan drive—V for Victory as well as V for five. . . . Last July practically every magazine had a picture of the flag on the front cover. This year, I'm told, they'll display a picture of a \$100 bond.

**THE AVERAGE CITIZEN** — Are you an average man? Here's what the army quartermaster lists as the average soldier as result of dressing millions of them —Height, 5 feet, 8; weight, 144; wears a 9 shoe and 7 hat; 33 1/4 normal chest expansion; a 31-inch waist line. . . . And here's a plug for California: If he hails from here, he's usually two inches taller than his pals. . . . Now as to the women: At Hadley college, Massachusetts, they compared the girls of the 1918 Frosh class with those of today and found that today's freshmen girls are 1 1/2 inches taller, 9 1/4 pounds heavier and have increased lung capacity of 25 per cent. . . . A man's heart beats 72 times per minute, that of a mouse, 700 times. Are you a man or a mouse? Watch your pulse.

**MUSIC**—Well, anyway, "Easter Parade" finally made the Hit Parade, well after Easter. I won that one. . . . Dr. Vernon A. Chapman writes lyrics for songs as his hobby. He just polished off another one this week. . . . I now like that "Leave Us Face It" song. That'll probably go high, too. . . . Said a Villager this week: "Those people who kick about the music from the hillside are probably the same ones who open their windows wide and inflict their radios or records on the entire block. If they don't like it—they know what they can do. That goes for the guy who doesn't like mayonnaise, too." . . . According to the WPB, there's a dry spell ahead if you don't return those empty bottles.

**ACOUSTICS**—Chairman of my Village Improvement association recommends that an overhead mike and a public address system be installed at the council chamber so that council's words of wisdom may be heard by all. . . . They call this a woman's world but there are exceptions. The story is told that an Indian woman summoned a local taxi and when all were busy, agreed to wait a few moments. Then she told the driver to take her to Palm Canyon. There she summoned her husband and told him that the baby had spilled lye on its legs—what should she do. The Lord and Master told her to get a doctor and she drove back to town and heeded his advice. There's one family where the pants still belong to papa. . . . To conserve material, women's clothes are closer-fitting these days. A Villager commented: "They sure show their patriotism."

## P. M. Swart Able To Quit Hospital at Riverside Today

P. M. Swart, assistant director of public works, who was taken seriously ill while on a trip east last month and who is now in Riverside hospital, expects to leave the hospital today. He will spend a few days with relatives and plans to return to the Village next Tuesday. Doctors have ordered him to take a rest for an indefinite period.

## 15 Years of Service to City Ending

Frank V. Shannon  
Plans to Resign  
From City Council

Frank V. Shannon, city councilman from the sixth district for the past six years, since incorporation of the city, and mayor for the last two years, will resign his position on the council next Wednesday evening, he said today. With his resignation will terminate more than 15 years of active service in civic affairs to Palm Springs.

Mr. and Mrs. Shannon first came to Palm Springs in 1927 and in 1929 built the Vaughan Arms apartments which they recently sold to Benjamin F. Darnell. Shortly after he started the Vaughan Arms, Mr. Shannon was named a director on the Chamber of Commerce and started his long, active career in civic affairs, working constantly for the advancement of the Village.

### WIDE-SPREAD ACTIVITY

Since that time he has been in public life in Palm Springs and in the county. He has been on several important county committees and on state committees and was head of the county chamber of commerce for a time.

Lately he has gradually relinquished all of his county and state offices and next Wednesday will step out of his municipal office, to take a long awaited rest.

### TWO MENTIONED

At least two candidates to succeed him will be put before city councilmen next Wednesday evening, it is understood. Three petitions have been put into circulation by friends of Walter Z. Allen, well known realtor and petitions are also being circulated asking the appointment of Dick Taylor, former city recreation director.

Mr. and Mrs. Shannon plan to spend their summer in Banning, as usual, but this time, Mr. Shannon will not make three and four trips per week to the Village as in the past two years, while mayor, on city business. He plans to take a real rest and "let the younger men take over."

### PLAN TRIP EAST

In the fall, according to tentative plans, the Shannons plan to take a trip east to their old home. They will be back in Palm Springs later to make their home here, as usual.

Mr. Shannon was this week installed president of the Palm Springs Masonic club and will guide that organization's affairs next season. He is also active in the Palm Springs Rotary club and will continue his activities with the Boy Scout troop, sponsored by that club.

### ONLY TWO LEFT

Mr. Shannon was first elected to city council in 1938 and re-elected by the sixth district in 1942. At that time he was unanimously elected mayor, the city's second executive. At a caucus held before organization of the council last week, he was again placed in nomination for the position of

## Be Careful About Fires, Is Warning of Chief Leonasio

Fire Chief Bill Leonasio today warned Villagers to be more careful about fires. With the approach of the warm, dry season, the danger from fires is becoming greater, he said. Last week the department was called out four times by grass and rubbish fires in different parts of the Village.

Fortunately all were subdued without loss but the threat to adjacent buildings was great in each case and a slight delay might have been the cause of a serious fire.

**FIRST TEN PER CENTER**—Dr. O. B. McRory looks at city license No. 1—and figures here's one place he saved 10 per cent. New city licenses are due July 1 but any one who pays before June 30, according to City Clerk Louise McCann, gets a ten per cent reduction. Dr. McRory, who is city health officer, took out license No. 1 for his veterinary hospital. The dog doesn't seem interested.

## Torney Host to Loss in Blaze Large Throng At Open House Set at \$2800

Despite damp weather, a large throng of visitors was present to help Torney General Hospital celebrate the second anniversary of its organization here and the program of inspections, sports, band music and presentation ceremonies went off as planned.

A surprise feature of the day was the presentation of the Torney General Hospital flag to Col. A. B. Jones, commanding officer since its organization, by Capt. Ralph Hendrix, commander of the enlisted detachment.

Major Sam Gendel, Torney's chief of general surgery, was decorated with the Legion of Merit at impressive ceremonies at Retreat, for exceptionally meritorious conduct during his service as commanding officer of a field hospital in the south Pacific theater.

Many departments, hitherto not open to the public, were on the tour of inspection yesterday.

## Village Sandwich Shop Sold

George Dennis, in the restaurant and cafe business in Palm Springs for the past five years, this week announced that he had purchased the Village Sandwich Shop, noted local eating spot, from Gordon Feeckings and would take possession on Monday, May 1.

The popular cafe will be closed Monday and Tuesday of next week while a new, modern cooling system is installed and thereafter will be open all summer with the exception of some time in August when Mr. Dennis plans to completely redecorate the place.

### ALL-YEAR CAFE

Mr. Dennis plans to keep the Village Sandwich shop open the year around, on a 24-hour basis during the season and days and

## New Main To Augment City Water

24,000 Feet of  
12-Inch Pipe to  
Bring Supply Here

To meet a demand created by the military installations here and the resultant longer and busier season, the Palm Springs Water company has started installation of a new main from its source of supply in the Snow and Falls creek areas to tie in with its lines north of the city, John P. Holditch, manager of the company said Wednesday.

Permit to lay the line was recently granted by the state railroad commission and some of the pipe for the main is already on the ground.

The new 12-inch line will be approximately 24,000 feet in length and will serve as an auxiliary to the present line from the supply in the Pass area and practically parallel it.

A crew of 25 men is expected to be on the job of laying the line for two months, Mr. Holditch said.

Completion of the new line and the addition of its supply to the city reservoir north of the Village will assure Palm Springs of an adequate supply of good water despite the increasing demands on the company.

## Schools Hosts to Parents, Friends At "Open House"

In celebration of American Public Schools week, Palm Springs high school held open house last night at the school building and parents and friends of the institution were special guests of Dr. E. E. Oertel, the school board, faculty and students.

An inspection tour of the school and views of the work done by the students, was featured.

Tonight open house will be held at Nellie N. Coffman Junior high school for parents and friends of that institution.

Open house was held recently at the Frances S. Stevens and Cailla schools.

## Mishap Is Painful For Village Woman

Mrs. Daisy Herrick, resident at the Vaughan Arms apartments, suffered a painful accident last Friday when she slipped and fell, striking her head against a mantle with such force as to inflict a deep gash.

She was taken to the office of Dr. Henry S. Reid where extensive suturing was necessary.

## Ernest Alschulers Return to Chicago

Mr. and Mrs. Ernest Alschuler are leaving this weekend for their home in Chicago after a delightful winter spent here at the home they purchased last summer.

"We'll be back in the fall," he said. "In fact, we can hardly wait."

## Boy's Keen Eye And Steady Aim Save His Dad From Encounter With Rattler

E. B. McGovern, head of McGovern and McGovern, prominent fish packers, who with Mrs. McGovern and a son, Burt, and daughter, Marjorie, have been spending the winter in Palm Springs, thinks son Burt, aged 12, is a great lad.

He thinks so not only in the ordinary father's pride in his son but because of the son's unerring aim which saved him from a disagreeable experience last Saturday. And he's glad he gave the boy many lessons in hunting from his own experience.

Father and son were out hunting in the desert and tramping

along when suddenly the boy shouted:

"Look out, dad!"

At the same time McGovern heard a shot and saw a rattlesnake writhing in death throes a few feet in front of him. The father, tramping along watching the skies would have stepped on the coiled snake had not the son seen it in time and killed it with one shot from a 22-caliber rifle.

The snake, eight rattles and a button, has been skinned and his hide preserved. "Good hunting," was senior McGovern's comment.

## American Airlines to Make Village Permanent Stop

Howard Wilson, agent for the American Airlines here, today received notification from the company that it had applied to the Civil Aeronautics Board in Washington, D. C., April 27, to amend its route permit to make Palm Springs a permanent intermediate stop on its route between Los Angeles and Dallas, Texas.

The American Airlines last August started operating in the Village on a temporary permit with the local port as a flag stop for military personnel and first priority passengers. Yesterday's application, if granted, will make the Village a regular stop on the route for all passengers, although Mr. Wilson said that for the duration, at least, the change in status would have no apparent effect.

## Harold West Is Chairman Of Red Cross

Harold West, assistant manager of the Bank of America, today was chairman of the Palm Springs branch of the Riverside county chapter of the American Red Cross, succeeding Philip L. Boyd, chairman for the past year and one half. Mr. Boyd resigned recently because of the press of other business and because he felt he could not do justice to the position while actively engaged in his campaign for the assembly nomination at the May 16 primaries.

Mr. West, who came to Palm Springs a year ago from Orange county where he was active in banking and civic circles, has taken an active interest in Village civic affairs and his election by the Red Cross directors met unanimous approval.

Mr. Boyd was elected chairman of the local branch in November, 1942.

It was announced at local Red Cross headquarters that starting Monday, May 1, the production rooms would be open but two days a week, Tuesdays and Fridays, and that work would be confined to surgical dressings.

## Hotchkiss Now With Lykken's

Newton S. Hotchkiss, well known Villager, has become associated with Tom Holland at Lykken's Department store and is now greeting old friends there.

Mr. Hotchkiss has been a resident of Palm Springs for the past ten years. He was manager at the Dill Lumber company office here during that time having been with that firm for 16 years in Riverside county.

Well versed in building materials and builders hardware as well as in other lines of merchandise, he will fit into the picture at Lykken's nicely as that concern has the only hardware department or store in the Village.

Mr. Hotchkiss has been active in civic affairs here for some time, has been secretary of the Palm Springs Rotary club for the past two years and otherwise active locally. With Mrs. Hotchkiss he has been managing the La Serena apartments for the past three years.

## Police Sergeant's Son to Join Navy

Mrs. Ray Wilson, wife of Police Sergeant Wilson, and their son, Wendell Wilson and his wife, were visitors in Palm Springs Wednesday.

The son, who has been employed by the Santa Fe railway at San Bernardino for some time, expects to join the U. S. Navy next week.

## Architects Named for Institution

Preliminary Plans  
On Community  
Hospital Completed

Action was speedy and definite this week on the proposed Palm Springs Community hospital and, following more than five hours of discussion Wednesday, the following great strides toward realization of a long-felt need here had been taken:

- 1—A site was chosen.
- 2—Architects were engaged.
- 3—A financial program agreed upon.

### ON SUNRISE WAY

The site was chosen from several offers made to the hospital group. It is a donation by Mr. and Mrs. John W. Williams, consisting of five acres on Sunrise Way, one block south of the Field Club, also one block south of Ramon road, and about a mile east of Palm Canyon Drive.

The site offers many advantages and it was considered fortunate by the committee that it was available. It is adjacent to the Ramon road sewer line and in close proximity to all public utilities, gas, electricity and water.

### PUT IN LONG DAY

Executive group of the board of directors of the Community Hospital association met at noon, Wednesday, at the Frances Stevens school and later a meeting was held with the entire board. The first session lasted from noon until 3 p. m., and the second from 5 to 7:10 p. m., and by that time, all details had been settled.

Architects chosen are Harry Williams of Schenk and Williams and Albert Frey of Clark and Frey. Close co-operation of these two prominent architects on the project has been assured.

### PLANS ARE BEGUN

Preliminary work is being started immediately on plans for the hospital which will be complete in every way and, while modest in its initial service, will afford every phase of proper and essential hospital service.

It will be started with 16 rooms for single occupancy but each room will be so arranged that two beds may be installed, making a total of 32 beds in private rooms. There will also be two wards of five-bed capacity each, one for women and one for men, making a total capacity in the initial plan of 42 beds.

### GOAL IS \$125,000

A financial program for the hospital has been agreed upon which will require the raising of \$125,000 by public subscription. This sum will make possible the erection of a building arranged for the necessary expansion and provision for all necessary technical equipment, and for the full air conditioning of the entire building.

Even before any effort was made to map the financial program, there has been a voluntary flow of contributions, indicating the interest and support that is to be expected.

To assure those making contributions that their money will be used only enough has been raised to guarantee erection of the hospital.

## This Is "Be Kind to Animals Week"—And Here's How

This is "Be Kind to Animals" week.

Dr. O. B. McRory, city health officer, says the best way to be kind to animals this week is to adopt some of the stray pets left behind or forgotten by departing visitors.

He has a half dozen dogs now at his veterinarian's office, 395 Sunny Dunes road which he is now taking care of and this being "Be Kind to Animals" week, he doesn't like to think about "putting them to sleep."

### Sgt. Hennes Will Be Home on First Leave This Week

Sgt. Matthew Hennes, Jr., son of Mr. and Mrs. Matt Hennes of Palm Springs is on his way to the Village and should be here this weekend on his first visit home since going into the army last August.

Sgt. Hennes has just completed a six-weeks advanced training course at Yakima, Wash., in which time he won high honors in his class.

Sgt. Hennes is a recent graduate of Palm Springs high school. His father is a prominent pharmacist and his mother holds a responsible position with the Palm Springs War Price and Rationing Board.

## Rotarians Listen to Interesting Address On Alaska

The story of Alaska was told Palm Springs Rotarians Wednesday noon at the Desert Inn by W. T. Schlothman, for years a business man at Ketchikan in that territory.

Mr. Schlothman corrected many mistaken impressions of Alaska and described some of his early adventures there. He assured Rotarians that they need not hold any fears for Alaska, the army and navy had adequately provided for its defense against any eventuality.

### CONVENTION REPORT

Dr. Henry S. Reid, president, introduced the speaker.

J. N. Lott, delegate from the Village Club to the recent district convention in Los Angeles, presented an able report of the gathering, and recommended support of a Rotary project at Casa Colina in the hills south of Chico where crippled children are being rehabilitated at an institution supported by southland philanthropists and Rotary clubs. He also brought a message from John Davis, new district governor and reported that members of other clubs in the district queried him on the possibilities of holding a district convention here in the near future.

### MANY AT SESSION

He said there were 738 Rotarians and 350 Rotary Anns registered at the convention and the banquet for the retiring governor, Milton Chaoman of Ontario, was attended by more than 700 persons.

## Lt. H. S. Reid, Jr. Guest of Parents On Way to Texas

Lt. Henry S. Reid, Jr., son of Dr. and Mrs. Henry S. Reid of the Village, arrived this week by plane from Denver where he has been in army hospitals for the past few months as result of an accident at a Texas gunnery school last fall.

Lt. Reid, on the eve of completing a strenuous training course for overseas duty was accidentally shot in the eye on the rifle range. He was taken to Fitzsimmons General Hospital in Denver where a delicate operation was performed to save his eye but which, despite all precautions, was futile.

This week he received orders to report back at Harlingen, Texas, air field and came home on a flying visit before resuming active duty. He leaves for Texas Sunday.

## Competition Hot In Enlisted Men's League At Torney

As the Torney General Hospital Enlisted Men's Bowling League season is drawing to a close, Dental Clinic, Personnel, and the QSVL Strikers are staking a knock-'em-down, drag-'em-out fight to the finish.

Last Friday night all three teams tallied four points as they swept the opposition before them.

Led by anchorman Davidson, who totaled 541 pins for the evening's effort, Personnel downed a fighting Registrar squad. Singerman of the latter team garnered a 504 series.

Graffice, end man for the QSVL Strikers, established a new individual high series mark on games of 207, 200 and 218, for an aggregate of 625. The Strikers downed Headquarters in a convincing manner.

The Dental Clinic won on a forfeit when the M. P.'s failed to show.

Cellar dwelling Detachment of Patients battled the 1st Sergeants five to a draw, each coping two points. Leonard, 1st Sergeant, hit 504.

Pennington, rolling a practice series, amassed a 511 series.

## Beachcombers Lead In Torney League

The Gremlins play the Beachcombers in one of their last appearances, and can overtake them with a good night's bowling.

## Officers Mess Five Grabs Lead In Loop

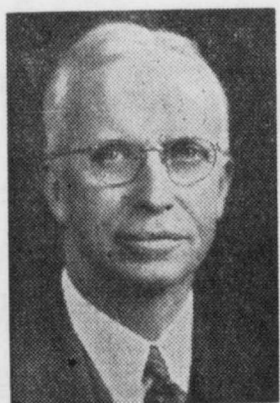

The Officers' Mess bowling team zoomed into the lead in the army air base alley loop this week by downing the 21st Medics, 4 to 0, while the Post Engineers were losing by the same margin to the Officers B five.

The upsets ousted the Engineers and the Medics from first place in the loop. The two fives, still tied for second, had been tied for first, two points ahead of the Officers Mess team when the upsets hit them.

## Noted Figure In Sports World Here For Month's Stay

Louie Polin of Klamath Falls, who claims he has seen more championship prize fights from the ringside than any other man now living—24 in all—is in Palm Springs for a belated spring vacation. Mr. Polin is the owner of one of the largest sporting goods stores in the northwest, covering half a block at Klamath Falls. He had charge of nine of these fights, most of them famous heavyweight battles, such as the Willard-Johnson fight in Havana, the Jeffries-Johnson fight in Reno, and others having been right-hand man for Tex Richard, Jack Curley, Bill Frazier and other noted promoters, at times.

With Mrs. Polin, he is a guest at La Casa Cline, operated by an old friend, Mrs. Pearl Cline. They will be here for five weeks.

"Palm Springs is a great place, greatest of all of the winter resorts, he said.

### Shannon's Retirement Loss to Village

IT WASN'T long after Frank V. Shannon arrived in Palm Springs that he was named a director on the Chamber of Commerce. That was in 1929. From that day to this, he has been active in the development of the Village and has been instrumental, in a large part, in its steady, healthy growth. Next week he plans to tender his resignation as city councilman. With that he will end his official connection with civic affairs after almost 16 years of continuous loyal and faithful service, 16 years in which he kept the welfare of Palm Springs foremost in his thoughts.

"Pop" Shannon, as he is affectionately known to scores of Villagers, was the father of the Village fire department. He started the campaign to purchase a fire truck and when that was successful, put through a drive for a fire hall. He was the "daddy" of the Palm Springs high school, he was chief factor in securing a sanitation district for the Village, he spent his own money and time to see that the Village was accorded its dues before it was incorporated and the government was vested in the county board of supervisors, 55 miles away. He made many trips to Sacramento at his own expense on behalf of the Village. When the city was incorporated, his manifold civic activities naturally brought him unanimous election to its first council.

For the past six years he has served as representative of the sixth district but has always represented the entire Village in his endeavors. For the past two years he was mayor. In the 16 years of civic service he has served the Village in many capacities, has been active in the Chamber of Commerce all of that time. In fact, for a while he was THE Chamber of Commerce. He was president of the county chamber, served on many county committees to the benefit of the Village. In the past few years as councilman he has taken no vacation, coming here two and three times a week during hot summer days to look after city interests.

Mr. Shannon received his excellent business training as an executive for the great Westinghouse organization and served as vice-president, manager and treasurer of one of its most important subsidiaries. Palm Springs received the benefit of this career.

As mayor he has saved the city and its taxpayers hundreds of dollars. He has fought many successful battles to keep out the cheap honky-tonks and to maintain our reputation as the nation's foremost desert resort. His program for Palm Springs was always a good one—and a successful one.

Now at 70, he plans to take a deserved rest. And it should be a soul-satisfying one for he can look back with pride on what he has accomplished.

### John Wilson Loses to San Bernardinan In Close Decision

John Wilson of Palm Springs high school, winner of three student speakers' contests, sponsored by Lions clubs, lost to John McArdle of San Bernardino in a district contest held at San Bernardino last Thursday noon. McArdle is the San Bernardino high school representative in the Lions' contest.

The result was close and although the Village speaker is only a sophomore in the local high school and his opponent is a senior in the Gate City high school, he gave his opponent plenty of competition despite the latter's wider experience in public speaking.

Wilson came away from the meeting with a framed certificate of merit.

Accompanying the Village youth to San Bernardino for the event which was held before Gate City Lions at the California Hotel, were Dr. E. E. Oertel, principal of the local high school, and Francis F. Crocker.

"If they had let me be a judge, John would have won," said Crocker. "He put up a great talk."

### Arthur F. Wright Assumes Duties In Building Office

Scores Coming to Village to Enjoy Desert Vacation In Waning Days of Current Season; Village Is "Full Up"

The current Palm Springs "season" may be drawing to a close but, if so, it is putting on one of the strongest finishes in the Village's history. Visitors are still arriving for belated sunshine vacations and the town is still "full up."

At the Desert Inn, for instance, there is an ever-growing group arriving to stay until the season closes in mid-May.

Mr. and Mrs. C. E. Weed have arrived from the Waldorf-Astoria in New York to remain until May 6. Mr. and Mrs. M. F. Carel, Santa Monica, are here until May 15.

TO FINISH SEASON

Others checked in for shorter holidays include: Mrs. Victor H. Wise, San Fernando; Miss Alice Jackson, Santa Barbara; Mr. and Mrs. C. J. Bonner, Los Angeles; Mr. and Mrs. R. A. Carrington, of the Los Angeles Examiner; Mr. and Mrs. Sidney Fish, Carmel; Mr. and Mrs. M. E. Mickelson, San Francisco; Mrs. William Goodhue with Mrs. Boyd Agnew, both of Beverly Hills.

Mr. and Mrs. Alfred Eller, Central Park West, New York City; Mrs. J. D. Minster and Mrs. Hazel Chambers came together from Los Angeles; Mrs. E. R. Grasselli of San Marino came to the desert with Miss R. W. Field, Pasadena, for a short stay.

HERE FROM ILLINOIS

Mr. and Mrs. L. L. White, of Glencoe, Ill., spent part of the week at Desert Inn. A group of three from Santa Barbara, who came south for several days here, included Miss Kate Fox, Miss Angela Fox and Mary Evelyn Fox. Mrs. Val Lukamish is here from her home in Oakland for a stay of ten days.

Mrs. Charles F. Clippert of Detroit, Mich., arrived in mid-April to stay until early in May.

Mrs. T. J. Hill and Mrs. F. Godske, of Los Angeles, will stay a week, as will Mr. and Mrs. Earl Callan, of Beverly Hills.

FROM FAR AND WIDE

Others stopping at Desert Inn are: Mr. and Mrs. G. L. Kothny, Philadelphia; Mr. and Mrs. Archie Mock, Villa Riviera, Long Beach; will stay for an indefinite length of time; Mr. and Mrs. Ralph Lewis, Beverly Hills, are to remain through the month; Mr. and Mrs. Donald Knutson, Minneapolis, Minn.; Mr. and Mrs. Coulter McKeever, San Mateo, are vacationing here until the end of the month.

Here for a stay of two weeks from the middle west are Mr. and Mrs. E. C. Faulkner, Park Ridge, Ill., and Mr. and Mrs. Walter B. Wentzel, Chicago.

Not all plastics are new; cellulose nitrate was discovered in 1830 and celluloid was produced in 1868; casein plastics were made before 1900.

Lt. Douglas Asche And Bride Guests At the Desert Inn

Among newlyweds honeymooning at Desert Inn until early this week were Lt. Douglas Asche, U.S.N.R., and Mrs. Asche (Marion Jordan) of Alameda. The two were married in Alameda on April 12, and came directly to Palm Springs.

Lt. Asche recently returned from 27 months of active duty in the south Pacific. He was graduated from Yale University and entered business with his father in New York City for several months before he was called into the navy and given a commission. Lt. Asche is to report for duty in Kansas City early in May, and Mrs. Asche will join him there in the near future.

Torney Hospital Officers Wives Charming Hostesses

In one of the most delightful affairs of the current season, the Officers' Wives of Torney General Hospital were hostesses at a reception Wednesday to the Palm Springs Woman's club in the Coral room at the hospital. The room was beautifully decorated for the occasion with flowers, grown on the hospital grounds.

Mrs. A. B. Jones, wife of Col. Jones, commanding officer at Torney, and Mrs. William A. Lippman, president of the club, headed the receiving line for the first hour of the reception and Mrs. Mildred Sellinger and Mrs. Armand Turonnet the second hour.

Delicious refreshments were served and many of the charming wives of the officers presided at the tea tables.

A feature of the afternoon was a musical program by soldier talent with Mrs. Sellinger accompanying the vocal numbers on the piano.

More than 100 club members were present and delighted with the gracious compliment tendered them.

Donald Gray, Well Known Villager, Is Wed In Bay City

Donald Gray, son of Mrs. G. Gray, and formerly teller with the Bank of America here for three years, is now stationed at Treasure Island, and with his recent bride, is living in Oakland. The new Mrs. Gray is the former Miss Georgia Wise of San Bernardino. The wedding culminated a romance of some years.

Don Gray was a member of the first graduating class from Palm Springs high school and went into the employ of the Bank of America where he remained until joining the navy two years ago.

For the past 16 months he has been in the south Pacific war area, returning early this month to go into the financial department of the navy at Treasure Island.

The wedding was solemnized in the Bay City April 19. Mr. and Mrs. Gray will make their home in Oakland for the duration but after the war, expect to return to Palm Springs to build a new home.

Mrs. Gray is now residing in Ingelwood.

Visitors, Here For First Time, Enjoy Village Hospitality

Mrs. Maude Hill of the Edgewater Beach hotel, Chicago, Mrs. Lionel Dube, owner of a pleasant ranch out of North Hollywood, and the latter's daughter, Mrs. John O'Keefe of St. Louis, house guests of Mrs. Ona Brown, popular Village hostess, have been much feted during their stay here.

Monday, Mrs. Brown was hostess to 30 friends at a cocktail party in her guest's honor at her home. Tuesday, Mrs. Gwendolyn Fay was hostess at a delightful luncheon and Wednesday night, Mrs. Vivian Mann entertained for them at dinner at the Doll House.

It is the first visit of all three to Palm Springs and they are much delighted and thrilled with the Village and its life.

Surprise Party Honors Guest on Her Anniversary

Mrs. Louis Mueller of Ross, Calif., who with Mr. Mueller and daughter Susie, have been spending some time in the Village at the Palm Springs hotel, was the guest of honor at a surprise birthday party one night this week. The hostesses were her sisters, Miss Margaret and Miss Irene Foldes, co-managers of the Palm Springs hotel.

If Season Is Waning, There Is Little Sign of It At Palm Springs Tennis Club

Another week of activity has passed at the Palm Springs Tennis Club and if the current season is waning—there is no indication of it there. Luncheon parties, dinners, bridge, and, of course, tennis play, bowling on the green and swimming marked another full week at the club.

Many attended the Thursday night Bingo party and among those noted enjoying the fun were Mr. and Mrs. Ledyard Mitchell with six guests; Mrs. H. W. Armstrong, host to a group of friends on the eve of her departure for Chicago; Mr. and Mrs. Frank Camp with a half dozen guests; Mr. and Mrs. Ray Wilson, Mr. and Mrs. James Kemper, Mr. and Mrs. Ross McKingsery, Mr. and Mrs. Harold Cooper and Mrs. Francis Taylor.

DAY OF SURPRISES

Mrs. Elbert H. Brock was hostess at a delightful surprise party in honor of Mrs. Philip L. Boyd. Guests at the party were eleven members of the Red Cross Grey Lady group. That was on Friday which seemed to be "surprise party" day for Mrs. Austin G. McManus, was also the recipient of a delightful surprise party, the occasion being her birthday. Besides the honoree and Mr. McManus, guests were Mr. and Mrs. Edward Stephens, Mr. and Mrs. Walter McManus, Mr. and Mrs. A. Spaulding, Mrs. Arch Wilson and daughter, Mr. and Mrs. E. W. A. Peake.

Among the interesting affairs of the week was the colored motion picture presentation by Fred Payne Clatworthy who has been snapping pictures all over the world for the National Geographic magazine for a number of years. Almost 100 guests were thrilled by the "show."

LARGE GROUP OUT

Sunday, as usual, a large number of members and guests gathered at the club for luncheon and the tea dance to the music of Felix. Among those seen on the dance floor were Mr. and Mrs. Ralph Mills, Mr. and Mrs. Frank Camp, Mrs. Charles Blue, Mrs. Mary Stephens, Mr. and Mrs. T. B. Manley, several army officers from local installations and many other guests.

While tennis, swimming and, of course, lawn bowling, will continue, Miss Ellen Olender, the Tennis Club's capable chef, is closing the kitchen this coming Sunday. She will be much missed by those who have been enjoying her splendid luncheons and dinners.

Cool Weather On Coast Sends Many to Seek Sun Here

Residents of coastal communities continued to flock to Palm Springs during the past week to get away from the continued cold weather there and to enjoy a balmy spring here.

Father O'Keefe of Arcadia, has returned for another visit here. With him are Fathers O'Donnell of Manhattan Beach and Barry of Los Angeles.

McDougals Depart After 6 Month Stay

Mr. and Mrs. Natt McDougal, who have been making their winter home at 271 Merito place, regrettably ended a six-month stay in the Village this week and returned to their home in Portland, Oregon.

They have been here since October last year and "we'll be back in October next fall," they said.

Without A Defeat**

Undefeated and untied during softball season! That's the proud record of the P. S. Indians since they won their last game in the league series last Friday, the score being 10-5. The championship was never seriously questioned after the Indians' brilliant playing resulted in a 100 percent score after the first round of games in the league.

Friday's game started with Banning having their ups first. Frank Devers, pitching to Joe Sandeffer, opened up with all he had. He struck the first three players out without permitting the batter to touch the ball. Then both teams rallied back and forth until the first of the third inning when Banning got four runs to make the game quite one-sided. That didn't stop the Redskins though, because they came back in the next three innings and made ten runs. This too made the game one-sided, in favor of the Braves and it remained one-sided.

Frank Devers, sparkplug of the Varsity softball team, has struck out a total of 60 players for the season, an average of ten per game. Also the team made a total of 51 runs to the opponent's 26.

The highlights of the game were John Outcault's home run and Bob Bell's beautiful bunt, both of which brought in runs.

Batting averages for the season are as follows:

F. Devers, .450; J. Outcault, .304; W. Moore, .300; G. Privitt, .285; M. Smith, .285; G. Smith, .277; J. Sandeffer, .224; P. Kaitukoff, .214; A. Jurado, .200; B. Bell, .200; D. Sherman, .200; D. Moseley, .166.

**Editorial****WHY START NATIONAL  
ECONOMICS ON SCHOOL  
CHILDREN?**

A nation that has healthy school children has a good foundation for the future. The United States is, without any possible doubt, the best fed nation in the world. We have always had the best of everything, and the health of the public is one of our greatest concerns.

The United States is trying in every way to conserve money and vital war materials, but is it helping America for the future if we fail to feed our school children properly?

The House approved an Agricultural Department Appropriation Bill recently of \$567,995,779 which originally included \$50,000,000 for a national School Lunch Program. This item of \$50,000,000 was deleted in Committee before the bill reached the House floor. The bill is now being considered by the Senate. Unless some vigorous action is taken by groups friendly to the schools the lunch subsidy will be lost and school lunches will be greatly curtailed in the 30,000 schools in

**Coaches Meet Here  
To Map Schedules  
For League Games**

A meeting of the coaches in the East Riverside County League was held in Palm Springs Monday evening to discuss football, basketball, baseball and track schedules for next year. The coaches were: Bill Davies from Coachella; Ernest Adams, Beaumont; Earle Powell, Banning; Coach Weir, Blythe; and Wood Glover, Palm Springs.

Football season for next fall is to start October 13 and will continue for eight weeks. The games will be held on Friday afternoons unless otherwise stated.

Coaches and other faculty members also discussed the time and place for the League's track meet to be held early next month. It was decided it should be held on May 6, at Coachella.

which some 6,000,000 students are now having noonday lunches paid for in part by federal funds.

Loss of the federal subsidy will mean less nutritious lunches or no lunches at all for millions of young people who are having more and more difficulty getting properly balanced meals at home due to war conditions. Army tests show that malnutrition still is taking a heavy toll in draftee losses.

Already high school lunch counters are feeling the shortage of food. Ice creams, for instance, have been very hard to obtain. There was no delivery of ice cream at all this week. Other food stuffs have been hard to get for the high schools. Commercial establishments usually are served first, and the schools get the limited quantities left, sometimes none at all.

Why cut the high schools food stuffs first? Aren't students going to play a big role in the future? Maybe the schools are getting cut first because the men in Washington feel that schools won't say anything—won't be politically active. Although ice cream can not be made available to high school cafeterias due to wartime restrictions and limitations, it is significant to note that there has been as yet, no curtailment on the public sale of beer which is not manufactured without the use of materials quite as strategic as those used in the production of ice cream. A first concern of a nation at war ought to be to keep its children well-fed and healthy. Military necessity—if not the humane or sentimental urge—dictates that we begin our economies elsewhere.

**Junior Prom Will  
Be Held at Desert  
Inn Friday, May 5**

Since last September members of the enterprising Junior Class have been making elaborate preparations for the outstanding social event of the year—the Junior Prom This gala event sponsored by the Junior Class each year is put on in honor of the seniors. This year the Prom is to be held at the Desert Inn on the evening of May 5. Seniors, juniors, and invited guests will enjoy a dinner meeting starting at 8:00 and dancing will follow.

Girls will don their lovely formal of white and pastel pink and blues. Gardenias, roses and camillias will add color to the frocks.

This is a long awaited event for the Seniors. Each year the Junior class works hard to raise money to give this Prom for the upper-classmen. This year they have raised over \$250 by selling hot-dogs, pop and peanuts at the football games and by giving several successful dances.

Bob Dart, president of the Junior class, said today that decorations would be omitted except for tiny place cards. Favors have been bought for the girls of the graduating class.

**Masonic Service

The Masonic Service Men's headquarters at the entrance to the Desert Inn grounds will remain open all summer, it was announced by the committee in charge this week.

The directors of the Masonic club, following reports of the constant use being made of the club's facilities by soldiers and sailors in the Village, voted to keep these facilities available during the warm months.

The volunteer workers, both men and women, told directors they are happy to spend their time there to aid service men since they feel sure they are giving a needed service and helping in a good cause.

**High School Net  
Team Shows Great  
Progress In Play**

Evidence that the P. S. H. S. tennis teams have made great strides during the year was apparent at the matches held Saturday, April 22, against Hemet at Palm Springs. The tennis team has been practicing most of the season during activity periods under the directions of Max Vaucher.

Coach Hueston Harper, from Hemet, and Coach Vaucher from Palm Springs decided that the first player to win 10 games in the single matches would be the winner. This decision was made because the time was short. All double matches were two out of three sets.

The scores were:

**SINGLES:**

1st, Outcault vs. Muny, 10-3, Palm Springs.  
2nd, Sandeffer vs. Jones, 10-7, Palm Springs.  
3rd, McLearn vs. Allan, 10-5, Palm Springs.  
4th, Ward vs. Ulrich, 8-10, Hemet.  
5th, Hoover vs. Browne, 10-1, Palm Springs.

**DOUBLES**

1st, Outcault and Sandeffer vs. Muny and Jones, 6-4, 4-6, 8-6, Palm Springs.  
2nd, McLearn and Ward vs. B. Bothner and W. Bothner, 6-3, 6-4, Palm Springs.

Saturday, April 29, Banning, Beaumont, Coachella and Palm Springs high schools will play league matches, starting at 8:30 and continuing through the day. Some of the matches will be held on the high school courts and the others will be held at various clubs and hotel courts in Palm Springs. Luncheon will be served in the high school cafeteria for the visiting players.

Coach Vaucher said today, "Saturday is the big day, and I hope the boys will play as well as they did last week."

(Correction) In the Redlands matches held April 15, McLearn vs. Peters, the score was 6-1, 6-0 in favor of Palm Springs, not Redlands as reported erroneously last week.

## Hero Presented With Air Medal At Air Base Here

First Lieutenant William L. Ross, of University City, Mo., was presented with the Air Medal in the name of the commanding general of the North African operations "for participating in, and for meritorious achievement while participating in five sorties against the enemy."

Lt. Col. Richard D. Morgan, commanding officer of the 21st Ferrying Group, made the awards which also included four Bronze Oak Leaf clusters and one Silver Oak Leaf cluster for taking part in 30 sorties in that theater.

After troops had passed in impressive review last Saturday, the citation was read by Lt. Louis Bardell, group adjutant, and the presentation was made by Col. Morgan.

Lt. Ross who is 25, was an advertising man and copy writer when he went into the service in January, 1942. He has now more than 50 combat missions to his credit in the Tunisian, Sardinian, Sicilian and Italian theaters.

## TORNEY GENERAL HOSPITAL EVENTS

News of the Enlisted Men of the Medical and Quartermaster Detachments at Torney Army General Hospital, Palm Springs

By Pfc. Robert D. Price

### TORNEY PATIENT HAS UNIQUE EXPERIENCE

Lt. Irvine Styer, Air Corps, a convalescent patient of Torney General Hospital has lived through one of those "man bites dog" incidents that are often heard of but seldom verified.

Lt. Styer, a native of Los Angeles, shipped overseas one year ago this month. Arriving at Casablanca, he joined an outfit of pursuit pilots that was undergoing intensive combat training with P-38's. After staying in this location for several months, Lt. Styer moved on with his group to participate in the preinvasion bombing and strafing of Sardinia.

### PLAYS IMPORTANT ROLE

A large part of the assignment for the P-38 group was to act as escort fighters for the B-17 bombers that were taking such an active part in this campaign. Moving on with the tide of battle into the bombing of Pantelleria Island, and thus into Sicily, doing escort flying and strafing, Lt. Styer's flight sought out troop concentrations and transportation facilities of the enemy.

During the campaign in Sicily, Lt. Styer participated in a flight that destroyed a huge enemy convoy of TNT. For his part in this action, Styer wears the DFC awarded in Sicily.

### RUNNING BATTLE

Participating, as escort, in the bombing of Rome, Lt. Styer's group continued on down the coast and attacked yards and docks of the Naples area. Based on the Bizerte area, Lt. Styer, now group leader, led many sorties against the Naples area. During one of these trips the group, numbering forty planes, was attacked by sixty ME 109's. Making nine complete round trips over the area during the day, the superiority in air was hotly contested by the Nazis. The American group had to fight their way into the area each time, and were often followed as far as one hundred miles out to sea on the return trip. One of the outstanding features of these engagements was that the Americans came through without losing a single plane.

### THEN CAME AUTO

During the month of September, 1943, Lt. Styer participated in his 50th mission and had completed 199 hours of combat flying time.

Granted a leave to return to Alexandria for a much needed rest, Lt. Styer teamed up with some of his fellow flyers and obtained the "services" of a car of uncertain vintage that was promptly named the Green Hornet. This car proved to be the undoing of Lt. Styer for it was while riding in this vehicle that an accident happened that put the group in the hospital. Lt. Styer came out of the wreck with a broken leg. Hospitalized in the Alexandria area, Lt. Styer was, after a time, evacuated to the coast and continued on to America.

Lt. Styer has been at Torney since last March 18th and is very insistent that the airplane is much safer than the automobile.

### GIRLS HONORED THIS WEEK

Nurses are in the news this week. A national magazine has a feature article called "Girls In The Foxholes," describing how,

in the hell of battle, our Army Nurses face death as coolly as the most hardened veterans. It is a story of their heroism, told for the first time by their "top" commander, Major General Norman T. Kirk, Surgeon General, U. S. Army.

In recognition of the untiring and humanitarian work all over the world by the ANC, the week of April 16 to 22 was designated as Army Nurse Week by the War Department.

Torney General Hospital participated in the observance of this tribute week to nurses. Under the supervision of Lt. Col. E. T. Thompson, Public Relations Officer, displays showing various uniforms and overseas equipment of army nurses were featured in the windows of Desmond's and Bullock's. Both Chapel Services for Sunday, April 23, were in the nature of tributes to the members of the ANC.

Torney has on its staff several nurses that have seen active overseas duty and have brought to this hospital much of their valuable training and experience. Names of nurses and their overseas stations follow: Capt. Edna Traeger, chief nurse, Philippine Islands; 1st Lt. Lillian Smith, assistant to chief nurse, Iceland; Lt. Miriam A. Delp, plastic surgery ward, Canal Zone; Lt. Alice M. Kernan, officer patient's ward, Alaska; Lts. Lilla Rogers, Rachel F. Brantley, Ethel J. Pierce and Greta Vander Volk, Iceland.

### PROGRAM FOR PATIENTS

Monday evening was a "Red-Letter" date on Torney's entertainment calendar. The program, starting at 7 p. m., featured a girl's glee club from Palm Springs, and a party atmosphere was assured by the presence of attractive high school girls to act as hostesses and serve refreshments.

### NEW PROGRAM

The convalescent period in any army hospital can either be one of wasted time or a period of genuine interest and learning. The new conditioning program is helping the soldier to gain a new insight and also to get back to physical health in the shortest possible time in order that he may be returned to active duty.

The use of planned, progressive courses in the three main categories of physical fitness, education, and recreation are put into effect to accomplish this aim. The physical fitness and recreation program includes exercises, games, swimming and other sports. A broad educational program has been provided, and self-teaching materials and correspondence courses are available to the patients. A special building has been set aside for discussions and a display of news, maps, current events clippings and military information. This serves to keep the soldier in touch with the purpose and progress of the war. Although the program is only in the initial stages of development, it is proving its value as an aid in preparing men more quickly for return to active duty.

## Cpl. Emil A. Knorr Writes About Life In Army Overseas

Cpl. Emil Alfred Knorr, formerly of Palm Springs and well known here, is now in Italy and writes an interesting letter to The Desert Sun.

For a man accustomed to the desert, the trip from New York to Africa was an experience. He said he struck stormy weather all of the way across the Atlantic and the most welcome sight was the coast of Africa on what he called the best day of the trip.

### IT WAS A THRILLER

Great waves crashed on the deck all night with the sound of thunder, he said, and it was a real thrill—after it was over. By a strange coincidence, he was on a Liberty ship that he had helped build.

"A popular notion is that Africa is a hot country. That's fancy, not fact. It was cold and rainy and during our stay in the port we sloshed and splashed about in deep mud," he wrote.

"We moved around Africa in 40 et 8 box cars of War I type. The scenery was good and I enjoyed seeing the natives and Arabs. Most of the natives were in rags and shoeless but ran around in the cold weather that way. Many were wearing cast-off army clothing and most of them seemed to have money, offering to buy the clothes off our backs at high prices.

### LIKE U. S. CIGARETS

"All are crazy for American cigarettes as are the Italians and tried to buy them from us at fancy prices. Ate British rations for several days and liked them better than our own. I must say, 'Went across to Italy and experienced my first air raid. If it hadn't been for the danger, would have enjoyed it as a beautiful spectacle. But all I thought about was some hole to duck into. We had no damage here, however.'"

## Enlisted Personnel Say Water Is Fine

With a life guard on duty at all times, the Enlisted Men's swimming pool at the army air base is now in use—and proving popular. Additional dressing rooms have been installed to accommodate Wac personnel at the post.

## Brainards End Stay At New Home Here

Mr. and Mrs. Faye Brainard who came here early in the season and became so fond of the Village that they bought a beautiful home here, terminated their stay this week, returning to Estes Park, Colorado, for the summer season.

Mrs. Slausser, Mrs. Brainard's mother, who has been staying with them, also returned to her home. They will be back in the fall.

## 20 Employees Win Six-Month Awards At Torney Hospital

Among 20 civilian employees who received merit ribbons for six months satisfactory service at Torney General Hospital last week were four permanent Palm Springs residents, Donald Cameron, Oakley Hurley, Charles Irwin and Stanley Waterbury, all of the Post Engineers Department.

Presentation of awards was made by Lt. Helen C. Bowen, WAC, chief of civilian personnel who stated that civilian workers are contributing materially to the successful operation of the hospital.

Other employees who received their service ribbons were Anthony J. Andreas, John J. Andreas, Herbert Beatty and Allie E. Wilson of Post Engineers; Dorothy Beers, medical service; Jean Cannon, Frances Shirley and Norma Tragle, surgical service; Thelma Crockett, E. E. N. T. clinic; Virginia Dooley and Lois A. Kushner of Military Personnel; Libby Sue Lay, laundry; Margaret Meyer, laboratory; Georgine Preble, Special Service; Vina Rowland, QMC motor pool; and Faye Williams, medical supply.

## Ted Ashley Wins Purple Heart In Pacific War Area

Ted Ashley, 19, son of Mrs. Elizabeth Ashley of Palm Springs, has received several medals in the South Pacific war theater where he has been stationed but the one he prizes most is the Purple Heart award.

This one he sent home to his mother who is now proudly displaying it.

He also wrote her that other trophies of the fighting overseas will be sent home soon.

## It's Like Village Weather, Writes Ensign to Mother

Ensign Robert L. Williams, son of Mrs. Ada Williams, North Indian avenue, has one consolation while in naval service "somewhere in the South Pacific."

"The weather here reminds me of Palm Springs," he wrote his mother.

Ensign Williams recently graduated from Officers' Training school at Notre Dame University, Indiana, and left for overseas a few weeks ago. A graduate of Redlands high and San Bernardino Jaycee, he was employed by C. V. "Shorty" Knupp's electrical store here before entering Georgetown University, Washington, D. C., where he entered the navy.

He was home on a four-day leave just before going into the Pacific war theater.

By a strange coincidence, the ship he is on, entered a South Pacific port just as the ship on which his cousin is stationed was leaving, thus spoiling a planned reunion in the south seas by a matter of minutes.

## Dunbar Will Gain Vote in Australia Writes Navy Man

Frank Dunbar, San Jacinto realtor, now in the midst of a campaign for the state senate from the 37th district, which includes Riverside county, will get one vote which will travel thousands of miles.

He received a letter this week from Drian A. Tayon, San Jacinto now in the service with the U. S. Navy and stationed at a port in Australia.

"May surprise you to hear from me way down here in Australia campaigning for you," wrote Mr. Tayon. "Hope and wish you make it. They need a change in that district, and I believe you will make good. Too bad I'm too far away to help much but I will get a ballot here and vote."

- I have, through the years, devoted myself to the public affairs of our county, and am aware of our problems.
- It follows that I am known over all the county as a worker.
- I am also known to most state officials and legislators, which will help me to serve you if elected.
- I do not ask to be elected for one term only, and do not consider the position as a "hobby."
- I am, by reason of education and experience, able to represent our county as soon as elected.

### CHRISTIAN SCIENCE CHURCHES

The Golden Text in the Sunday  
Lesson—Sermon on "Everlasting  
Punishment" in all branches of The  
Mother Church. The First Church  
of Christ, Scientist, in Boston, will  
be this verse from Ezekiel: "Casi  
away from you all your transgres-  
sions, whereby ye have transgress-  
ed; and make you a new heart  
and a new spirit: for why will ye  
die, O house of Israel?"

According to a Scriptural citation  
from Numbers, "Miriam and Aaron  
spoke against Moses. . . . And the  
Lord heard it. . . . And he said, Hear  
now my words: . . . My servant  
Moses. . . . is faithful in all mine  
house. . . . and, behold, Miriam be-  
came leprous, white as snow: . . .  
And Aaron said unto Moses, Alas,  
my lord, I beseech thee, lay not  
the sin upon us, wherein we have  
done foolishly. . . . And Moses cried  
unto the Lord, saying, Heal her  
now, O God, I beseech thee. . . .  
And Miriam was shut out from the  
camp seven days: and the people  
journeyed not till Miriam was  
brought in again."

Mary Baker Eddy writes in "Sci-  
ence and Health with Key to the  
Scriptures": "This is sin's neces-  
sity,—to destroy itself." "Belief  
in material suffering causes mortals  
to retreat from their error, to flee  
from body to Spirit, and to appeal  
to divine sources outside of them-  
selves."

Contributions are now urgently asked by the committee and may be sent or given to Fred Ingram at the Bank of America with the distinct understanding that the fund will be held intact until a sufficient amount is raised to complete the entire project.

## Lions Elect New Officers And Hear Dilworth Address

Nelson Dilworth, assemblyman from this district, and candidate for the state senate, addressed Palm Springs Lions yesterday at their weekly luncheon at the Desert Inn, describing the workings of the legislature, the needs of the state and the history of the Tramway bill's progress through both assembly and senate.

He said that the state is gradually piling up a reserve for post war needs, declaring that the time for taxation is when unemployment is high—not when unemployment exists. He presented an interesting account of action of the Tramway measure and spoke of future action on the project and what will be needed.

### CROCKER CHAIRMAN

Francis F. Crocker was program chairman.

Prior to the address, Lions unanimously elected the new slate of officials recommended by the nominating committee, consisting of Charles Burnet, president; Lloyd Simon, first vice president; Dr. O. E. Oertel, second vice president; Dr. Frank Purcell, third vice president; Bill Veith, secretary; George B. Davies, treasurer; Jim Shea, tail-twister; Dr. O. B. McRory, Lion tamer. New directors are Gordon Feekings and Charles Cruncheon.

### INSTALLATION MAY 4

The new officers will be installed at a dinner dance next Thursday evening at the Desert Inn.

Culver Nichols is the retiring president.
